

Life changes, the household changes

Useful advises to help you protect your Child From domestic accidents

0 - 6 months

Life changes, don't change only the house...

I am an important passenger: in the car i want immediately my important place, but not in your arms. Allow me to travel safe in the right protective device with the CE trademark

As time passes children acquire more and more abilities, as a result the risks increase.

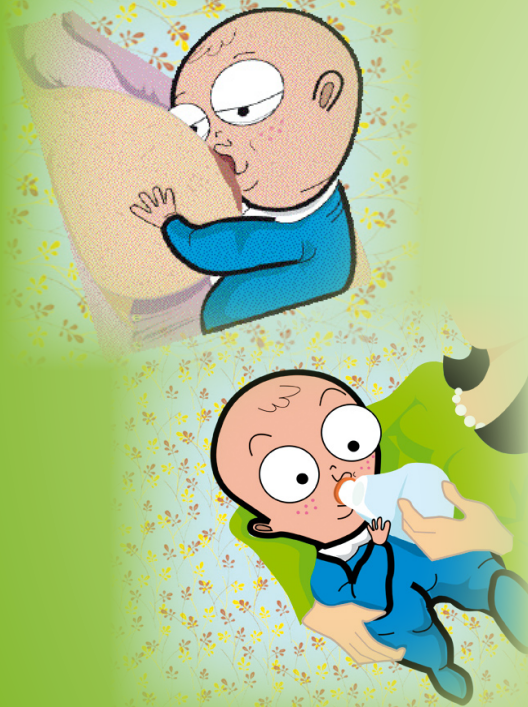

To reduce numerous accidents they are involved in, it is necessary to act in various ways.

Adults have to engage in behavior impressed toward safety, taking all useful precautions to assure children safety and to educate them to learn how to act in a prudent manner.

*I am a new born and
I am already.....
very hungry
Mommy's breast milk
is very good....*

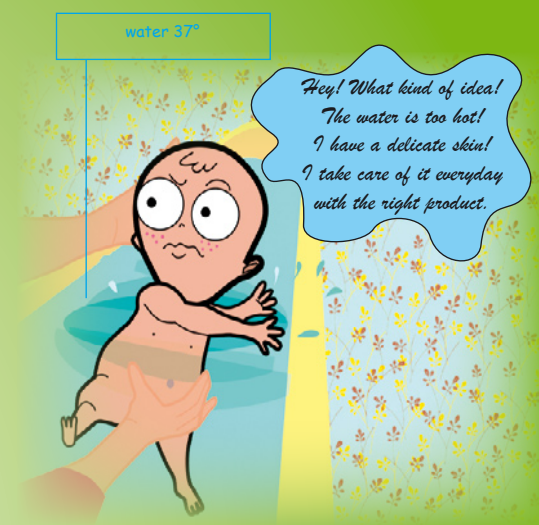

*...but if you give me
milk from the feeding-
bottle make sure of the
temperature so that i
will not be burned.*

*Don't leave me alone
on a high surface
because, very soon i
will learn how to move
and risk falling.*

*For my safety i have
to sleep on the back,
on a hard mattress
without pillow.*

*It is good to take
a bath ... but pay
attention
Not to boil me.*
