Who knows who is playing in the yard! I'd stretch out to watch. Fortunately i don't have anything to climb on and i'm not able to pass through the bars, that is very dangerous for me.

As agreed you have placed out of my way all the medicines, the detergents, dangerous objects, but do you know that many house plants are poisonous if swallowed?

I didn't know it was so complicated to stand on the feet!

I play hide and seek within a furniture because nobody thought of blocking it with doorway block. I was able to enter I hope I will be able to come out too!

eliminate all the obstacles from my way please and, cover all the edges too.
